Randy—
Well this year is almost over!, Its been a great 6 years. And you've been a terrific friend for all of them. I'll never forget all of our talks (careers, Laurie (remember), lots & lots of things) and Homecoming, that was really fun. It was a good deal because I felt closer to you after that. I wouldn't forget you anyway, but for sure I couldn't because I have pictures of you — Homecoming and — I don't think you remember this but I have a picture of you when you were in ~~7th~~ 7th grade! Remember Legend City in ~~7th~~ 7th grade? I do "Poncho" (Hee Hee). That was a lot of fun. I hope all of your goals are reached. I know they will be. Maybe I'll have you clean my teeth Someday in the future! Take Care of yourself and good luck in school.

Love—
Julie Hoyd ☺
SMILE

Randy Dale,

God it's been a long 4 years, but then again it hasn't. We've all been through so much - and grown up alot these years. We've all written our own chapters in "As Hemp High Turns" and boy would that be some best seller if we published it! (x-rated a think)

Im glad we all were so close — kinda like family. It was always me + you, Bligh Bud, Bills, Shea-T, Joe, Hilton and Kendall — and it was always wild + crazy when we'd get together.

I don't know how to tell you all the things I feel for you or all the memories we've had. Remember Homecoming .... I can honestly say I never had more fun with anyone at a dance than with you. You had me smilin and laughing all night, and that night will always stand out in my mind. No matter what was happening with you you'd always be, sweet and nice to me and for that I'll always love you you so special to me so please never forget ... I love ya, Ter

Randy,
I don't know what to say. Its been about a year since I really gotten to know you. Somehow, it seems like I've known you a lifetime. I wish that you didn't have to graduate, cause I'm really gonna miss seeing you and joking around with you everyday. You are really special to me, and you kind of act like a brother to me in a way. You have so much going for you with that crazy personality of yours. I'll never forget all the times there's been little parties at your house. I swear I had a blast laughing a Laura and you and Michelle. I wish we could relive last summer. When you are off at school or goofing around or working next year, give me a call and let me know how you are doing. I know you'll make it good in whatever you do, and don't let anybody get in your way. Stay like you are Randy, and you'll have it made. Keep out of trouble!

Always,
Pam

ACTIVITIES

Randy, It sure has been great knowing you for these 11 years. Thats a long time and I think we've become very close friends. You're a really neat person to be around and I hope that we never lose touch of each other because you're a very special person and friend to me. You have always been there when I needed to talk to someone and you've always cared. We've all had some pretty wild times at your house and I hope we'll have many, many more in the years to come. Since I know Debra Sue will read this I can't say anything about all the times "we've" spent together. (17a 17a) She'll never know! But really, I hope you & Deb last a long time together and when the right time comes — and you're both ready, "get hitched." Like the way I put it? You know what I mean, and I better be invited or I'll be really mad at my 2nd grade buddy! After all these years you wouldn't want that, would you? You better always treat Deb good and I'll see to it that she does the same. I know you guys have your differences but in the long run it will come out for the best! Randy, you're a really sweet person and I love you as a ~~long~~ long-time friend and I hope will always keep in touch. We probably will keep in touch if Deb & I are still best friends when you guys get married. Take care of yourself and stay out of trouble. Never tell about our "secrets" or that won't be too cool. I know I'll never forget you and you better not forget me either. We'll have to make alot of river trips this summer.

We may not have a draft, but we still have a need.

We need good people to serve in the U.S. Army.

Army life is not for everyone. You get up early. You work hard all day. And you're asked to give 3 or 4 years to the Country.

We won't change that.

But the things we have changed will make the Army more attractive to the type of people we're looking for. We have better educational opportunities. Better jobs. Better pay. And better travel choices.

Yet, we believe the most important benefits to be gained from the Army are still maturity and self–confidence. Things that last long after the enlistment's over.

Randy,

This has been a pretty good year. I'm really gonna miss all of yaw guys next year. I had so much fun partying with all of yaw guys this year. Yaire a very special person to me. I mean yaire just like my brother. Yaive helped me through some of my problems and I really appreciate everything yaive done for me. I'll never forget all of the fun times, goofing around and of course, partying. Yaw were the one that got me started!!! Thanks.

I hope yaw and Deb after this year won't drift away from me. Yaw two are my favoritest people. No matter whatever happens between yaw and Deb I'll still love ya the same and as much. This summer is gonna be hot!! (ha-ha) Well, everyone always says how fun and great the summer will be. So I just decided to, well... I guess it wasn't that funny. I feel really dumb now. Seriously now, we're gonna have to do plenty of fun things this summer. I'm really looking forward to this summer alot. Randy, yaire a very sweet guy and I love ya, so please don't change.

Love Ya,
Debra
